SOCRATES' PROTASIS

All the peoples and the Governments on Earth are aware and History teaches us that:

- **Civilization was born in Greece** and through it the development of the peaceful relations of the peoples of the West and the East!
- **Philosophy was born in Greece** and through it the interpretation of Psyche, Nature, Universe and God!
- **Science was born in Greece** and through it the constant advance of human knowledge!
- **Democracy was born in Greece** and through it the protection and the consolidation of human rights!
- **Language was born in Greece**, whose diction wealth, quality elements, accuracy and mathematical structure make it Unique in the whole world!

This enormous contribution of Greece to the peoples of the Earth seeks its fair acknowledgement. 2500 years ago I drank the hemlock poison sacrificing my life for the upholding of the Laws of the State, Freedom and Democracy.

Now, with the aid of Technology, I return from the depth of History wishing to send the following message to the Great Rulers of the world:

The Greek Language should be established as the second official language of every country of the world, after the first language of each country.

We are confident that you will support this **Motion** which regards the Uniqueness of the Greek Language and the recognition of Greece as a Center of World Culture, a decision for which the next generations and History will be grateful to you.

*Sincerely,
Socrates of Athens*

MOTION FOR RESOLUTION

Having strong faith in the Principles of the Ancient Greek Spirit, Democracy, Peace and the Olympic Ideal and believing that those who wield Authority ought to labor with all their might for the consolidation of these Ideals, we, conscious of our obligations, accord closely and

Vote in favor of the Request

that the Greek Language be used as Second Language in Letters, Arts and Science in the member-countries of the United Nations after the First National Language of each country.

This would constitute homage to the Greek Language for its contribution to World Culture.

Your support to our Motion will pay homage to the Greek Language for its contribution to the World Culture.
