PELLA
THE ARCAEOLOGICAL MUSEUM

Pella was the capital of the ancient kingdom of Macedon. A common folk etymology is traditionally given for the name Pella ascribing it to a form akin to Doric Greek Apella, originally to have meant a ceremonial location where decisions were made. However, the local form of Greek was not Doric, and the word exactly matches standard Greek pélla "stone", undoubtedly referring to a famous landmark from the time of its foundation
